There he is !

Let me see ...

As expected ...

He's avoiding eye contact again.

He used to grin like a [illegible] and play tricks on me [illegible]

I [illegible] he was doing that [illegible] to me... Or is it [illegible] my cell phone?

Haha, silly me.

We are nothing.
Why am I even thinking this?

We are nothing...

Huh ? We [illegible] to each other again... How many times is this now ?

I have no [illegible] won't think on following [illegible] or anything...

[illegible] scratches... [illegible] the last [illegible]...

... because of me...

"I [illegible] didn't think [illegible] I [illegible]...

I can't look at her now.

울고 싶을 때 날 봐

곧 그게 MOTO

Promise U

아아아아아아

My silently moving hand made a pause.

Being on a stage makes me forget everything.

Knowing that I can't promise you anything

The crowds' soaring voices...

whenever I step onto stages...

와아아아아아아

And as if responding to such passion...

I perform like a machine.

Everything I've practiced over, over, and over.

Even every bits of expressions were practiced.

I do so,

So that the audiences can enjoy.

무대는, 모든 것을 잊게 해준다.
The stage... enables me to forget everything.

Even so...

What are these lingering feelings...

Am I simply feeling sympathy?

Sympathy??

No... that's not it.

Knowing that I cannot help you

Watching your fragile shoulders shiver

Why ... Why ...

If you were going to return it like that ...
Then why ...

Why?

Why did you even ...

Hello!? Hey!
